HarbourWatch

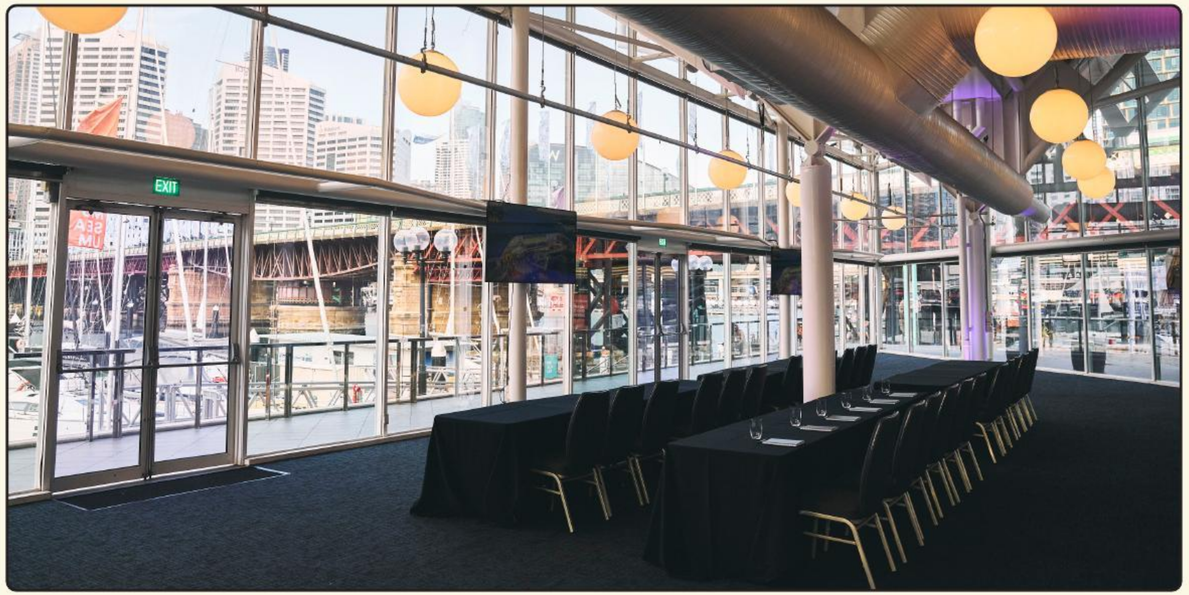

HarbourWatch is where slow coffee meets slower views. Perched at the water's edge within the Maritime Museum, it's part café, part lookout — and a destination for events that want the harbour as their backdrop. The tone is calm but confident. Think soft neutrals, warm timber, brushed metal and endless glass — a palette that reflects the light and lets the view lead. It's coastal, but not cliché. Understated, but never forgettable.

Perched above the boardwalk at the Maritime Museum, the Ben Lexcen Terrace is a rooftop gem with sweeping views of the city skyline and harbour. Spacious and versatile, it’s ideal for cocktail parties, pre-dinner drinks, product launches and exclusive events that call for a touch of glamour. Often paired with the Lighthouse Gallery, this terrace offers a spectacular open-air setting in the heart of Darling Harbour.
